Preconception Peer Education

Yolonda Spinks, Senior
The LeMoyne-Owen College
Memphis TN

The LeMoyne-Owen peer education program was launched HBCU Wellness Program

After PPE training

- Trained Student Health Ambassadors (SHAs) as Preconception Peer Educators (PPEs)
- Communicated to college students the importance of becoming forerunners in the health community
- Equipped PPEs with materials to promote the movement , formed teams to spread the message on campus and in the community
